

Odyssee

2020

a complete
vintage

*A voyage between the **Médoc** and the **Rhône Valley**,
from the **Atlantic ocean** to the **Mediterranean sea**.*

Blend:

Cabernet Sauvignon from Médoc (48 %) gives power and tautness. From the south of the Rhône Valley, **Grenache** (42 %) brings sweetness and juiciness and **Carignan** (10 %) adds strength, backbone & complexity.

The tannic structure and the race of the great Médoc combined with the charm, the finesse and the elegance of the Rhône Valley.

Vintage:

Médoc: A great vintage, warm and dry, producing concentrated Cabs with perfect phenolic maturity.
Harvest from 18th to 25th September.

Rhône Valley: Sunny and dry vintage with small showers at the key times which gave strong, sweet yet well balanced wines.
Harvest from 9th to 11th September.

More on this on the next trip!
