

OUTPOST HOWELL MOUNTAIN CABERNET SAUVIGNON 2021

Our Estate Cabernet Sauvignon comes from the very best vineyard blocks located between 1,800 and 2,200 feet in elevation. Grapes from each block within the vineyard are fermented separately so that our winemaking team can be very selective about the lots that comprise the final blend. Wines are neither fined or filtered allowing for the full expression of the vintages' potential.

The vintage

2021 is another extraordinary vintage for this region. Coming from a warm, incredibly dry growing season, the wines nevertheless hold onto a beautiful sense of freshness and purity while being concentrated, rich, and structured.

Tasting Notes

"A massive, bold and concentrated wine that pairs high-impact black fruit flavors with equally high-impact tannins. So full-bodied, firm in texture, deep in fruit and built for further aging. Dried blueberries, blackberries, hints of graphite, tobacco and toast. Opulent enough to drink now, but best from 2031." - *JamesSuckling.com, Jim Gordon* , 96 Points

"Cassis, plums, violets, iron, and spicy red fruit berries all emerge from the 2021 Cabernet Sauvignon Estate, a full-bodied, seamless, nicely textured, and balanced Howell Mountain Cabernet. For a mountain Cabernet, the tannins are beautifully polished and integrated." - *Jeb Dunnuck, Highest Barrel Score, 96 Points*

"Outpost's 2021 Cabernet Sauvignon is a beauty, even it doesn't show quite the majestic complexity of the True Vineyard. It still offers up evocative scents of crushed stone, cassis, blackberry and blueberry. It's packed, concentrated and full-bodied in the mouth, ripe—almost creamy in texture across the mid-palate—then rich and velvety on the finish." - *Robertparker.com, Joe Czerwinski* , 95 Points

Technical Information

Blend: 100% Cabernet Sauvignon

Ageing: 18 months in 85% new French oak barrels

Production: 1,140 cases

Winemaker: Thomas Rivers Brown
