HISTORY

THE FOUNDER (1987). Gonzalo Antón, a self made person, after managing some leading restaurants in Spain, in 1987 decided to put together his two passions: wine & gastronomy establishing Bodegas Izadi in Rioja, at the age of 37. Mr. Anton is National Award of Gastronomy and owns Zaldiaran, a one Michelin Star restaurant located in the Basque Country, and Ikea Restaurant at Vitoria.

2003-2011. Artevino acquired properties in some of the most important wine regions of Spain with a clear vision: become a referent in each of these appellation.

FROM 2011. Artevino is focused on building the reputation of its brands internationally, the same way it has done in Spain, through a continuous improvement process at every level.

OUR WINERIES

Vetus is a fresh and innovative concept in Toro, a estate winery sitting on 20 hectares of vineyards. Meticulous work delivers elegant wines that capture the soul of this fascinating region.

VINEYARDS. 100% Tinta de Toro (Tempranillo) vines, organic farmed, planted on poor soils, give us low yields of high quality grapes, enabling us to craft these singular wines.
